Mark Rubinstein passed away on May 9, 2019

With great sadness I report Mark Rubinstein passed away on May 9, 2019. Mark was a brilliant academic, practitioner and friend who contributed an immense range of accomplishments in so many areas and in so many ways.

Mark joined the JOIM Advisory Board at its inception, was among the contributors to the first issues of the JOIM and was the first keynote speaker for the JOIM Conference Series.

His friendship and mentorship will always be cherished and remembered.

Cordially,
